

To recover a deleted Facebook page, log into the admin account within 30 days, go to **Settings & Privacy > Settings > Pages**, and click "Reactivate". For hacked pages, use [facebook.com/hacked](https://www.facebook.com/hacked). If you lost admin access, contact another admin to re-add you or submit a claim to Facebook. [1, 2, 3, 4, 5, 6, 7]

## Methods for Recovering a Facebook Page

- **Reactivate a Deleted Page (Within 30 Days):**
  - Log in to the Facebook profile that previously managed the page.
  - Navigate to your profile menu, then **Settings & Privacy > Settings**.
  - Select **Pages** (or "Page Management History" in some interfaces).
  - Locate the page under "Deleted Pages" and click **Reactivate**.
- **Recover a Hacked Page:**
  - Go to [facebook.com/hacked](https://www.facebook.com/hacked) to report your account as compromised.
  - If a hacker added themselves and removed you, use the [Facebook Hacked Page form](#) to request a review.
  - If you have Meta Verified, you can contact support for faster assistance.
- **Restore Access (Lost Admin Role):**
  - Contact another administrator of the page and ask them to re-assign your roles.
  - If you are the only admin, you may need to submit proof of business/identity to [Facebook's support team](#).
- **Reactivate a Deactivated Page:**
  - If you merely deactivated the page (not deleted), simply log into the account that manages it and navigate to the page to automatically reactivate it. [1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11]

## Important Considerations

- **30-Day Limit:** Deleted pages are permanently removed after 30 days.
- **Child Pages:** If a parent page is deactivated, all linked child pages (e.g., location pages) will also be deactivated. [2, 4, 10]
